CONTENTS

- |   |    |   |
|---|----|---|
| <b>A.R. Scialli</b>   | 1  | Editorial   |
|   |    | <i>Reproductive Toxicology Review</i>   |
| <b>A.R. Scialli</b>   | 3  | Developmental Effects of Progesterone and Its Derivatives   |
|   |    | <i>Original Contributions</i>   |
| <b>M. Kelly</b>   | 13 | Case Reports of Individuals With Oligospermia and Methylene Chloride Exposures                            |
| <b>J. Reiners</b><br><b>B. Löfberg</b><br><b>J. Creech Kraft</b><br><b>D.M. Kochhar</b><br><b>Heinz Nau</b> | 19 | Transplacental Pharmacokinetics of Teratogenic Doses of Etretinate and Other Aromatic Retinoids in Mice   |
| <b>M.T. Ebron-McCoy</b><br><b>P.E. Beyer</b><br><b>L.A. Oglesby</b><br><b>R.J. Kavlock</b>                  | 31 | In Vitro Culture of Postimplantation Hamster Embryos  |
| <b>M.A. Smith</b><br><b>P.J. Thomford</b><br><b>D.R. Mattison</b><br><b>W. Slikker, Jr.</b>                 | 37 | Transport and Metabolism of Dexamethasone in the Dually Perfused Human Placenta                           |
| <b>N.G. Pedigo</b><br><b>W.J. George</b><br><b>M.B. Anderson</b>  | 45 | Effects of Acute and Chronic Exposure to Cobalt on Male Reproduction in Mice                              |
| <b>R.E. Perez-D'Gregorio</b><br><b>R.K. Miller</b><br><b>R.B. Baggs</b>                                     | 55 | Maternal Toxicity and Teratogenicity of Tellurium Dioxide in the Wistar Rat: Relationship to Pair-Feeding |
|   | 63 | REPROTOX Agent List   |
|   | 79 | Announcement  |

CONTENTS

*Editorial*

- |                     |    |                               |
|---------------------|----|-------------------------------|
| <b>A.R. Scialli</b> | 81 | Clinical Tests and Statistics |
|---------------------|----|-------------------------------|

*Reproductive Toxicology Review*

- A. Lione** 83 Polychlorinated Biphenyls and Reproduction
- Original Contributions*
- E.H. Goulding** 91 Teratogenicity of Benzoic Acid Derivatives of Retinoic Acid in  
**A.M. Jetten** Cultured Mouse Embryos  
**B.D. Abbott**  
**R.M. Pratt**
- A.J. Ramahi-Ataya** 99 The Effect of "Activated" Cyclophosphamide on Rat Granulosa  
**K.M. Ataya** Cells in Vitro  
**M.G. Subramanian**  
**R.F. Struck**
- K.M. Ataya** 105 Effect of "Activated" Cyclophosphamide on Mouse Oocyte in  
**E.F. Pydyn** Vitro Fertilization and Cleavage  
**A.G. Sacco**
- J. Jarrell** 111 An Evaluation of the Serum FSH as a Biomarker for Ovarian  
**D.R. Mattison** Toxicity in the Rat  
**A. McMahon**  
**E.V. Younglai**
- J.A. Ward** 117 Delayed Effects of Doxorubicin on Spermatogenesis and  
**C.W. Bardin** Endocrine Function in Rats  
**M. Knight**  
**J. Robinson**  
**G. Gunsalus**  
**I.D. Morris**
- T. Iguchi** 127 Permanent Chondrification in the Pelvis and Occurrence of  
**S. Irisawa** Hernias in Mice Treated Neonatally With Tamoxifen  
**F.-D.A. Uchima**  
**N. Takasugi**
- M. Anwar** 135 Evaluation of Human Serum as a Culture Medium for Studies of  
**F. Beck** Rat Embryonic Development in Vitro
- A. Endo** 141 Analysis of Protective Activity of N-Acetylcysteine Against  
**T. Watanabe** Teratogenicity of Heavy Metals
- Book Review*
- A.R. Scialli** 145 *Pharmacokinetics in Teratogenesis* edited by Heinz Nau and  
William Scott, Jr.
- 147 Announcement
- 149 The Reprotox Agent List

## CONTENTS

*Editorial*

- A.R. Scialli** 151 Reproductive Hazards of the Workplace

*Special Issue*Symposium on the Assessment of Reproductive  
Hazards in the Workplace

- J.C. Haartz** 153 Opening Remarks: Symposium on the Assessment of Reproductive Hazards in the Workplace
- D. Whorton** 155 DBCP: Eleven Years Later  
**D. Foliat**
- C.L. Hughes, Jr.** 163 Monitoring of Ovulation in the Assessment of Reproductive Hazards in the Workplace
- L.A. Shortridge** 171 Assessment of Menstrual Variability in Working Populations
- J.B. Ward, Jr.** 177 Sperm Evaluation in Human Genetic Monitoring
- S.M. Schrader** 183 Longitudinal Study of Semen Quality of Unexposed Workers: I.  
**T.W. Turner** Study Overview  
**M.J. Breitenstein**  
**S.D. Simon**
- S.M. Schrader** 191 The Effects of Ethylene Dibromide on Semen Quality: A  
**T.W. Turner** Comparison of Short-Term and Chronic Exposure  
**J.M. Ratcliffe**
- R.E. Canfield** 199 Measuring Human Chorionic Gonadotropin for Detection of  
**J.F. O'Connor** Early Pregnancy Loss  
**A.J. Wilcox**
- D.D. Baird** 205 Using Time-to-Pregnancy Data to Study Occupational Exposures: Methodology
- J.E. Jelnes** 209 Semen Quality in Workers Producing Reinforced Plastic
- J.E. Jelnes** 213 Stainless Steel Welding and Semen Quality  
**Lisbeth E. Knudsen**
- R.Z. Sokol** 217 Endocrine Evaluation in the Assessment of Male Reproductive Hazards
- R.J. Levine** 223 Monitoring Fertility to Detect Toxicity to the Male Reproductive System
- S.J. Samuels** 227 Lessons From a Surveillance Program of Semen Quality

<b>B.J. Rogers</b>	233	Use of the SPA in Assessing Toxic Effects on Male Fertilizing Potential
<b>M.C. Hatch</b>	241	Assessing Female Fertility
<b>T.M. Schnorr</b>	247	NIOSH Epidemiologic Studies of Pregnancy Outcomes
<b>D.R. Mattison D.W. Brewer</b>	253	Computer Modeling of Human Fertility: The Impact of Reproductive Heterogeneity on Measures of Fertility
<b>J.J. Heindel</b>	273	The National Toxicology Program Chemical Nomination Selection and Testing Process
<b>L.E. Gray, Jr. J. Ostby R. Sigmon J. Ferrell G. Rehnberg R. Linder R. Cooper J. Goldman J. Laskey</b>	281	The Development of a Protocol to Assess Reproductive Effects of Toxicants in the Rat
<b>V.E. Wells T.M. Schnorr W.E. Halperin</b>	289	NIOSH Selection of Chemicals and Study Publications: Setting Priorities for Reproductive Research
<b>K.L. Raheja A. Jordan J.L. Fourcroy</b>	291	Food and Drug Administration Guidelines for Reproductive Toxicity Testing
	295	REPROTOX Agent List
